

Extremely Good People for Extremely Good Companies

Senior ASP.Net Developer for high growth client in Nashville

©2008 Extreme Solutions

Our Client, an e-learning company provider leading their field in safety training and risk management solutions for the past 9 years, is hiring a Sr. .Net developer. You'll want to consider this growth opportunity with a dynamic team of talented Internet applications developers if you're looking for a fast-paced place to contribute. Our client is looking for those able to deliver large projects with scalability in mind. Job requires analysis, design, coding and testing of solutions.

Job Responsibilities:

- Create and edit various applications as required using Visual Studio, .NET Framework, ASP.NET, C#, etc.
- Write and maintain appropriate documentation to describe program development, logic, coding revision and corrections.
- Participate in the testing process through test review and analysis, test witnessing and certification of software.
- Consult with Project Leads to identify current operating procedures and to clarify program objectives.
- Assist other developers in problem solving techniques following industry best practices.

Minimum Required Skills:

- Outstanding analytical and design skills.
- Ability to quickly learn and adapt to new technical skills.
- Full understanding of SDLC
- Strong understanding of Object-oriented development principles.

- Minimum of 5 years in software design and development.
- 3-5 years experience using Microsoft .NET Framework in a web environment; preferably 2.0 or 3.5 framework.
- 5 years minimum of Microsoft SQL Server (2000 or 2005) experience in a web environment.
- Minimum of 3 years experience using C#
- Minimum of 3 years experience using HTML/DHTML
- Minimum of 3 years experience using JavaScript
- Proficient in Windows/IIS environment.
- Proficient in Visual Studio, Microsoft Office, and Visio.

Nice to have or Pluses:

- Microsoft Team Foundation Server experience.
- Development experience using AJAX, HAML, LINQ, and XML.
- Development experience with CSS.
- SaaS Environment experience.

Compensation Plan

Base Salary: \$85K to \$90K Depending On Experience plus matching 401K. Competitive benefits package part of total compensation package. Bonuses part of comp. package. Relocation assistance is negotiable.

Desired Start Date: ASAP
